Abstract (en)

[origin: WO2006132874A1] In order to achieve even and effective application of product with a device (1) to apply a flowable product to human scalp hair, with a product dispenser (3) having prongs (2) provided with multiple openings (8) to dispense the product, it is recommended that all openings be aligned laterally with respect to an inner space (9) extending between the prongs (2) and located above the inner area (5), wherein the inner space (9) contains the prongs (2).
