Abstract (en)
[origin: EP1886596A2] The drawer i.e. waste collector (1) has pull-out rails (4) that are held at symmetrically designed mounting plates (5) on side walls of a kitchen floor cupboard. The side walls preset a defined mounting position, which is oriented to cupboard base and a front opening. Distance plates (6) and distance frames (7) are provided on the mounting plates for different cupboard sizes. The distance plates are fastened to the mounting plates by a film hinge, such that different wall thicknesses of the side walls are balanced during mounting.
