Abstract (en)

[origin: EP1886603A1] The system comprises illuminant (1-6) with low voltage illuminant and fastener for fixing the illuminant at a supporting structure (7). A supply of the illuminant takes place with low voltage by fastener (8,9,10). The fastener has a connector with plug in-socket and plug in-part. The fastener has two space part connectors. An independent claim is also included for illuminant for an illuminant system.
