Abstract (en)
[origin: EP1887306A2] Weapons storage arrangement comprises a guiding unit (9) arranged in an ammunition chamber for sliding ammunition carriages (12) with holders for holding rocket containers (10). The carriages are able to slide from a parked position into a charging position, in which the rocket containers are slid below a frame (18) of a weapon projector (1). The arrangement has adjusting devices for adjusting the carriages on the guiding unit. Preferred Features: The arrangement has two guiding units arranged above each other. Each guiding unit is longer around the length of the longest carriages on the guiding unit than the length of all carriages on the guiding unit.
