Abstract (en)  
The invention relates to a packaging comprising a rigid container (100) formed of a material which is approved for the storage of food products, said container (100) being provided with an edge flange (108) against which a plastic film (110, 310) can be sealed wherein a rigid, removable lid (105, 205, 405, 505) of a material which is approved for the storage of food products is arranged under said plastic film (110, 310), within the container (100). The packaging is suitably intended for sliced delicatessen products, such as sliced sandwich filling or cold-cured meats, but can naturally be used for other food products.
