Abstract (en)

Disclosed are a method of manufacturing an artificial nail and an artificial nail produced using the method. The method of manufacturing an artificial nail includes molding a nail body (500), printing a first printed layer (520) on a surface of the nail body (500), and printing one or more additional printed layers (520) on the first printed layer (520). The artificial nail produced using the method includes a nail body (500), and a plurality of printed layers (520) formed on the upper surface of the nail body (500).
