Abstract (en)
A collapsible cabinet includes a rectangular cabinet body made out of a soft fabric sheet material and having a top panel, a bottom panel, a left side panel, a right side panel, a back panel and a front opening, hook and loop pads fixedly provided on the outside of the cabinet body such that multiple collapsible cabinets can be fastened together to form a combination cabinet unit, a hard support plate hinged to one side edge of the back panel inside the cabinet body for supporting the cabinet body in shape, and a partition member detachably mounted in the cabinet body to divide the holding space of the cabinet body into multiple small storage spaces.
