Abstract (en)

[origin: EP1906418A1] The command switch (1) has a checking device (9) which includes an actuating element (16) and fixing element (17). A switching element (6) is actuated by actuating element and the actuating tappet (10) is actuated to another switching element (8) during normal assembling of the command switch with checking device. An independent claim is also included for the checking device.
