Abstract (en)  
[origin: US2007023298A1] This invention relates to disposable containers for storing, transporting and serving food, and more particularly to disposable containers for storing, transporting and serving baby food that include additional elements, e.g., one or more utensil and napkin (e.g., moist napkin), attached thereto for serving the food and cleaning up. The invention also relates to methods of supplying such containers with food as well as methods of transporting such containers.
