Abstract (en)

[origin: WO2007039443A1] The present invention relates to a method of producing a hydrocarbon containing stream (110) from a subterranean zone (100) wherein an injection fluid (50) is injected into the subterranean zone (100), the method at least comprising the steps of: (a) providing an injection fluid (50) comprising synthesis gas; (b) injecting the injection fluid (50) into a subterranean zone (100) for obtaining a desired pressure therein; (c) obtaining a hydrocarbon containing stream (110) from the subterranean zone (100).
