Abstract (en)

The present invention relates to an equipped element (1) for kitchen uses containing at least one element (3) that is tiltable from a resting position to an operating position, in particular an equipped kitchen element (1) whose tiltable element (3) is a cooking range (3c). Said equipped kitchen element (1) comprises, in its upper part, a hood (4) for aspirating or filtering cooking fumes and vapours, said hood (4) being provided with a deflector (401), movable from a resting position to an operating position.
