Abstract (en)
[origin: EP1929889A2] The present invention proposes an underwear for easily taking off, comprising: a main body has a shoulder part and a frame part; a first joint unit is located on the shoulder part; a second joint unit is located on the frame part; thereby, the main body may be taken on by connecting the first joint unit and the second joint unit, and may be taken off by disconnecting the first joint unit and the second joint unit.
