Abstract (en)
[origin: EP1950840A2] The contact element (20) has a clamping body (22). An installation element (10) with an installation surface (12) and fixing element (14) is detachably fixed at the contact element, which has an inlet opening (23) for introducing a conductor and a screw (25) to the clamped fixing of the conductor in the clamping body. The installation surface has larger cross-section surface than the clamping body.
