Abstract (en)
[origin: WO2007062426A2] An animal housing and a method for providing bedding thereto are disclosed. In an embodiment, the animal housing comprises a top and a plurality of sides. The plurality of sides provide support to the top. The animal housing further includes a bedding. The bedding includes a cushion, a pillow, a magnet, and a magnetically attractive material, wherein magnetism of the magnet attracting the magnet to the magnetically attractive material secures the pillow to the cushion.
