Abstract (en)  
[origin: EP1961344A1] The display has a forward open stand (12) from a folded and glued pre cut part or a blank from a corrugated cardboard, and a tray which rests upon lateral supports. Side walls (20) of the stand are folded in three fold. Pull-off flaps (54) are pulled out reversibly through a corresponding window (50) and are blanked out, where the pull-off flaps are formed unilaterally from an intermediate layer (30). The carrier for the tray serves as hooks.
