Abstract (en)
The present invention refers to a cover for suitcases. The cover which is the object of the invention is used basically to cover suitcases although it may have other applications and could be used with vanity cases or briefcases. The invention is characterised in that it comprises at least one sheet of material which can be placed on one of the lateral walls of the suitcase and which is provided with at least some upper and lower extensions to be situated on the upper and lower part of the suitcase and at least one lateral extension designed to be placed on the sides thereof.
