Abstract (en)
[origin: EP1988530A2] The present invention relates to a label for luggage formed by an elongated strip of material which comprises an adhesive coating of the pressure tag type over at least part of the surface area of the label, wherein the width of the strip at the location of a bending portion of the length of the strip is smaller than the width of the strip side said bending portion, wherein the strip is provided with a neutralised adhesive of the pressure tag type at the location of said bending portion and with a non-neutralised adhesive of the pressure tag type between the respective ends of the strip and the bending portion, wherein the colour of the neutralised adhesive is different from the colour of the non-neutralised adhesive, as well as to a method for manufacturing a web of such - interconnected - labels.
