Abstract (en)

[origin: WO2007100553A2] A method and system for creating and sending expressive messages is provided. The method includes receiving (202) a text message, where the text message is sent from a first communication device (102) to a second communication device (104). Further, the method includes transforming (204) the text message into an expressive message and directing (206) the expressive message to the second communication device.
