Abstract (en)

[origin: FR2897972A1] The system (10) has an image display unit (20) for displaying video or non video image having transited a processing unit (18) or entirely generated by the unit (18). The unit (18) generates data to be displayed from sources. The unit (20) is fixed to an inner wall of an aircraft in a position parallel to a floor of a vehicle, where the unit (20) has a convex shape. The unit is integrated to a touch screen (22) which has passenger/system interactive elements.
