Abstract (en)
The present invention relates to an easy to open and to close dispensing plastic bag comprising: - a plastic film defining an inner pouch with a dispensing mouth; - semi-rigid and at least partially sealed edges surrounding at least partially said inner pouch; - a tear initiation in a tear zone at the top of said packaging, wherein, in use, after the top of said packaging in said tear zone has been removed, the semi-rigid edges can be pressed toward said mouth in order to open it and are then subsequently released so that said mouth automatically recloses.
