Abstract (en)

[origin: WO2007101806A1] A pull-out guide (2) for a dish rack (3) of a dishwasher comprises a guide rail (4) which can be fixed to the body of a dishwasher (1), and a running rail (6) which can be connected to a grid-like dish rack (3) which is composed of wires (3a, 3b), and a central rail (5) which increases the pull-out length. The running rail (6) is provided with two rows of clamp-like holders (7) which lie one above the other and in which two wires (3a) of a dish rack (3) which lie one above the other and run horizontally can be fixed, with the result that the dish rack is held in a dimensionally stable manner.
