Abstract (en)  
[origin: EP1992257A1] A reversible infant carrier adaptable for selectively carrying the infant in the front or the back of the wearer with proper back and abdomen support includes an anterior support panel and a posterior support panel linked thereto. There is further provided a pair of adjustable shoulder harnesses attached to the anterior support panel, and a support belt slidably extendible through the anterior support panel including a lumbar support pad and an abdomen support sleeve.
