Abstract (en)

[origin: WO2007107249A1] A compact drain assembly (1) for sinks and the like, comprising at least one drain duct (11) which can be coupled hermetically at a drain hole (20) which is provided at least at the lateral surface of a sink (3) and has at least one portion which is at the same level as, or lower than, the bottom of the sink. An element (30) for closing the drain is further provided which affects the drain duct.
