Abstract (en)

There is disclosed a system and method for uploading an image file to an image repository from a mobile handheld communications device having an integrated camera. In an embodiment, the method comprises: upon determining capture of an image using the integrated camera, automatically initiating an image upload module; configuring the image upload module to display an image upload user interface having user selectable image upload settings; and upon receiving user instructions, uploading the image file to the image repository with the selected image upload settings. The upload settings may be preselected and the device may be preauthorized to access an account on the image repository.
