Abstract (en)
[origin: US2009263469A1] The present invention relates to biguanide-containing liposomes and antiseptic preparations based on biguanide-containing liposomes, where the liposomes are characterised in that they are essentially free of lipids with anionic head groups, to the preparation of biguanide-containing liposomes and of the antiseptic preparations, and to their possible uses and to the products arising from their use, in particular wound dressings.
