Abstract (en)

[origin: FR2899301A1] The device has a case holder (11) provided with a clamp (12) adapted to enclose and to hold electrical cables, and a lug (9) attached to a controller case (3), where the case holder is fixed on the lug. The lug has a fixed point for mounting the clamp, and two tabs (28) for maintaining the case holder on the lug. The clamp is positioned between the tabs, where the tabs are deployed at a free end of the lug.
