Abstract (en)

[origin: WO2007122342A2] The purpose of the invention is a composition for fire fighting, characterised in that it includes at least a first compound in the form of a vegetable derived powder, soluble in cold water and thickening; a second compound in the form of a vegetable derived powder, insoluble in cold water but thickening and retaining water in hot water or in the presence of steam; a third compound including at least one agent encouraging the Maillard reaction of at least the first and/or the second compounds, and water. The invention also relates to formulations of said composition.
