Abstract (en)
[origin: WO2007127285A2] A system and method are provided for playing a game of chance. The game of chance may include, for example, a lottery-type game. A result of the game of chance is revealed to a player in another medium. In one example, the result is revealed during multiple game instances of one or more online games. Additionally, a game of chance may have an associated second chance win opportunity that can be revealed to the player immediately after playing the game of chance. In one example, a result of the second chance opportunity may be revealed to the player in an online game format.
