Abstract (en)

[origin: WO2007136407A2] The present invention includes a method to facilitate engagement and communication between a company with an available position and a recruiter. The method includes the steps of posting information about the available position for the company, and receiving information about a candidate for the available position of the company from the recruiter, and submitting the information about the candidate for the available position of the company to the company. The method further includes the step of receiving payment from the company and transmitting a portion of the payment to the recruiter upon the selection by the company of a candidate for the available position.
