Abstract (en)  
[origin: US2007277394A1] An article of footwear intended for use as a dance shoe is disclosed. The article of footwear includes an upper. The upper includes an opening with a periphery configured to expose the top of the instep of a foot, while covering the medial and lateral sides of the foot. In addition, the article of footwear includes a fastening system, comprising a first and second strap, configured to expand during insertion of the foot into the article of footwear and fasten the article of footwear to the foot.
