Abstract (en)
[origin: WO2008115245A1] One embodiment of the invention sets forth a cartridge design that includes a bullet having a larger diameter than the .224 inch bullet currently included in the 223 Remington or 5.56 mm NATO cartridge and a case that has substantially the same base diameter as the case currently included in the 223 Remington or the 5.56 mm NATO cartridge. The overall length of the disclosed cartridge is substantially similar to the overall length as the 223 Remington or the 5.56 mm NATO cartridge.
