Abstract (en)  
[origin: WO2008000564A1] The invention relates to an arrangement for display of a section of the surroundings of a motor vehicle, comprising a camera (1), by means of which the section of the surroundings of the vehicle may be recorded and a display device (3), by means of which a recorded section of the surroundings of the vehicle can be displayed as a surroundings image. At least one further display device (4, 5, 6) is provided by means of which the surroundings image can be displayed. The invention further relates to a motor vehicle provided with such an arrangement and a method for display of a section of the surroundings of a motor vehicle.
