Abstract (en)

A multifunction guiding profile (1) for mobile screen (1) is described, composed of a first "U"-shaped profile (1a) having at least one outwards opening coupled in parallel along at least one baffle (3d) with a second "U"-shaped profile (1b) having at least one outwards opening, an end portion of such second profile (1b) being coupled with a third "U"-shaped profile (1c) having at least one outwards opening and that is orthogonal to the first and the second profile (1a, 1b). A fastening system is further described, comprising at least one profile (1) and at least one casing profile (20).
