Abstract (en)
[origin: WO2008009914A1] The present invention provides a compound or mixture of compounds having the formula (I):wherein R¹ and R² represent, independently, linear or branched C₁-4 alkyl, n = 0 to 4 and m = 0 to 3, and their use as flavours and/or fragrances. The invention also provides methods to confer, improve, enhance or modify a taste or flavour property or the aroma, fragrance or odour characteristics of a composition, product, preparation or article. The present invention further provides compositions, products, preparations or articles containing as a flavour and/or fragrance ingredient a compound or mixture of compounds of the invention as described above.
