Abstract (en)

[origin: EP2053120A1] Washing- or cleaning agent shaped body made from solidified washing and/or cleaning agent composition comprising builder and one or more further ingredients of washing and/or cleaning agents, comprises an elevation on its upper side, where the elevation comprises an exposed planar surface and the elevation in all-sides not reaches the edge of the shaped body. An independent claim is included for a procedure for the production of washing or cleaning agent shaped body, comprising pressing the washing and/or cleaning agent composition, where either the counter die or the lower die of the press exhibits a cavity with a such form that a wash or a cleaning agent shaped body is formed by pressing.
