Abstract (en)
[origin: EP2060717A2] Corner arrangement for a swingable and/or tiltable window casement or the swinging part of a door, with a first fittings component (6) on a frame, a second fittings component (34), a locking component (20) and a coupling element (16). The locking component (20) is supported from above on the second fittings component. An independent claim is included for a window or door with a corner arrangement.
