Abstract (en)

[origin: EP2062501A1] The leg (P) has a base (1) resting on ground, and a vertical central bearing frame (4) fixed to the base. A horizontal upper bearing base plate (5) is provided above the bearing frame for supporting a table top. The base plate has a hook (6) arranged at its free end localized near a front border of the table top. The hook is placed in an extension of the base plate, and is fixed to the base plate by clipping. Two parallel homogeneous tabs are provided at the free end of the base plate. An independent claim is also included for a desk equipped with legs.
