Abstract (en)

[origin: WO2008034997A1] A motor vehicle has a body (2) of which an external surface (16) is covered by an outer decorative and protective coating system (13), of the type comprising, successively from the external surface (16) towards the outside, a primer layer (14), an intermediate layer of a coloured material (18), and an upper layer of a varnish (19). The outer decorative and protective coating system (13) comprises an additional layer (17) which has a predetermined pattern and is interposed between the primer layer (14) and the intermediate layer of coloured material (18).
