Abstract (en)

[origin: EP2067901A1] The combination (1) has a toilet body (21) with an inlet and an outlet for flushing water, where the toilet body is connected to a flushing tank (12). A shower unit (15) has a shower arm, and an operating device is provided for the shower unit, where the shower unit has a drive for the shower arm. The toilet body is fastened at an installation wall (4), and the shower unit and the operating unit are supported in the installation wall, where the shower unit is inserted into the installation wall through an opening (16) of a cover. Independent claims are also included for the following: (1) a mounting set for mounting a flushing tank and toilet body combination with a storage unit for storing a shower unit (2) a method for mounting a flushing tank and toilet body combination.
