Abstract (en)

[origin: FR2906505A1] The arrangement (10) has a display zone arranged near an upper part (22) of a fascia (20), and displaying information representing operation of a motor vehicle and equipments, to a driver and a passenger of the vehicle. An information projecting device (28) projects information on an opaque coating that partially covers a lower zone (24) of a windscreen (16) of a cab interior (14) of the vehicle. The device has an opaque coating band (30) that extends transversally on a part of the zone (24) of the windscreen.
