Abstract (en)

[origin: EP2078474A2] The furniture element (3) comprises a pulling element (1a) and other pulling elements (1b,1c), which are provided with a grasping unit (2). The grasping unit enables drawing of the pulling element. The grasping unit has control elements for actuation of the latter pulling elements, which are formed for an opening mechanism. The control elements is formed for actuation of a bolting mechanism for one of the pulling elements. An independent claim is also included for an opening mechanism for furniture element.
