Abstract (en)
Display unit that enables us to fix a document showing the information contained in it, in such a way that the document may be replaced with another, the display unit being fixed in a simple straightforward manner on any surface, having for this purpose a transparent sheet which is provided at its upper and lower portion with identical fixing means, which consist of two parts or halves, one that is attached to the transparent sheet and made up of a magnetic strip fixed by means of adhesive or a double-sided adhesive strip, while the other half, which is secured to the bearing surface to which we wish to attach the display unit, made up of a ferromagnetic or magnetic band that is provided on the face for attachment to the bearing surface with means of fixing by way of adhesives or a double-sided adhesive strip.
