Abstract (en)  
[origin: EP2090772A1] Coupling assembly (60) for hydraulically and mechanically coupling a fuel injector (20) to a fuel rail (18) of a combustion engine (22). The coupling assembly (60) comprises a fuel injector (20) with a fuel injector body (21) and a central longitudinal axis (L), the fuel injector body (21) comprising a cavity (29), and a fuel tube (30) being hydraulically coupable to the fuel rail (18) at a first end and having a free end section (32) at a second end. The free end section (32) of the fuel tube (30) is arranged in the cavity (29) of the fuel injector body (21).
