Abstract (en)

[origin: EP2096401A2] A method of providing an armor system (10) includes providing a first armor layer (12) comprised of a densified ceramic material and forming a second armor layer (14) comprised of a fiber-reinforced ceramic composite (24,26) directly on the first armor layer (12) to bond the first armor layer (12) and the second armor layer (14) together.
