Abstract (en)

The group (1) has rewritable elements i.e. rigid or semi-rigid cards (2), each comprising a surface to permit note down information using pen (4) and erase the information. The card has a non-rectilinear edge zone defining a support polygon that permits the card to remain in a stable raised position when the card is positioned on a surface i.e. desk. The card has a rectilinear edge (2a) on a side opposite to the zone and presents a flat shape on a side of the edge. The shape progressively changes in the direction of a curved edge (2b) opposite to the edge (2a) for forming a curved edge zone.

Abstract (fr)

Selon l'invention, cet ensemble (1) comprend au moins un élément inscriptible (2) en matériau rigide ou semi-rigide comprenant une surface qui permet de noter et d'effacer des informations et présentant une zone de bordure non rectiligne définissant un polygone de sustentation qui permet à l'élément inscriptible (2) de tenir dans une position dressée stable lorsque cet élément est posé sur une surface..
