Abstract (en)

[origin: EP2105696A2] The multiple rapid decoupler (2) has an outer plate (2.1) and base plate (2.2) provided in a vehicle (1). The outer plate contains a ballistic protection and is made of steel casing or comparable material and is allotted over suitable coupling elements and over other attaching condition at the base plate. The base plate is allotted over suitable coupling elements with the outer plate.
