Abstract (en)

A trading card game that includes a deck of cards (20) and a plurality of spheres (30) is disclosed. Each card (20) includes an identical back surface and a face surface with content thereon. The content of at least a first card is different than the content of other cards. In some embodiments of the invention, at least some of the content of the first card corresponds to at least a first sphere. The content may be, for example, a depiction of the at least one sphere. Some embodiments of the invention provide card games such as Warball #c by Duncan Toys.
