Abstract (en)
[origin: WO2008097161A1] The present invention relates to a carrying harness for small children. The carrying harness comprises a fastening that is fastened to the fixed carrier as well as a front piece (23) that is fixed to the carrier by a number of separate clasps. The front piece comprises a fabric and a carrying strap system. The strap system included in the carrying harness absorbs the entire load of the carried child and is fastened to the fastening harness by means of releasable clasps (9, 33, 34). Included in the strap system is a back plate that is connected to a middle clasp (9) by means of a tightening strap (37) and seat strap (38).
