Abstract (en)
[origin: CA2674278A1] The invention relates to a media supply plate (10) for a fuel cell stack (12), comprising at least on anode gas connection (14) and at least one cathode gas connection (16). According to the invention, the media supply plate (10) also comprises at least one anode waste gas connection (18) and at least one cathode waste gas connection (20). The invention also relates to a fuel cell system (52) using said type of media supply plate (10) and to a method for producing said type of fuel cell system.
