Abstract (en)
The washbasin contains a lateral front platform (1) and a vertical back platform (16). A bowl is formed in the front platform and the bowl is laterally portioned into a primary sink (12) and a secondary sink (13) by a ridge (11) running along a front-back direction inside the bowl. The primary and secondary sinks have outlets (121,131) at the sinks' bottoms, respectively. On a front side of the back platform (16), a primary faucet (122) and a secondary faucet (132) are provided above the primary and secondary sinks (12,13), respectively. In addition, hot-water and cold-water knobs (14,15) at the two sides of the primary faucet (122) are provided above the primary sink (12). The back platform (16) has a flat top surface for the placement of various washing-up items such as glasses, tooth brushes, tooth paste, etc.
